

Your One-Stop Shop for Devices and Peripherals

Electric enables you to seamlessly manage hardware procurement and warehousing.

Why Choose Electric's Hardware Store?

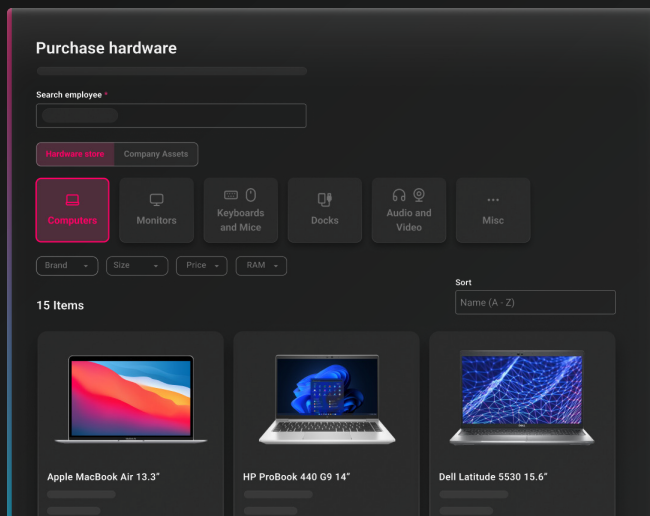

⚡ Curated Catalog with Brand-Agnostic Flexibility

Access a wide range of high-performing products that fit your specific needs—without being tied to a single vendor. Our team of experts select only the best tech for your business, ensuring value and quality.

⚡ Transparent Procurement Process

Experience a standardized hardware procurement process that ensures transparency from ordering to delivery. Eliminate the risk of employees procuring devices without adhering to established protocols.

⚡ Integrated IT and Onboarding Workflows with Security from the Start

Set your new hires up for success with the devices they need and get visibility into device compliance from day one, streamlining HR & IT teams' work.

⚡ Zero-Touch Provisioning for Apple Devices

Easily connect your Apple Business Manager to the IT Hub for simplified device management.

Thank you for your order, Jeff!

Your payment has been approved and a confirmation email will be sent shortly.

What's next

Order placed

expected 07/25/24

⚡ Nationwide Shipping for Your Hybrid Team

Whether your team is remote or in-office, we ship directly to your employees across the United States, confirming they receive the devices they need, no matter where they work.

⚡ Warehousing

Manage your assets through the entire device lifecycle, from purchase through return and reassignment. Electric will securely store your unused devices and manage shipping when they're reassigned to another employee.

The Hardware Store is available in all plans of the Electric Hub
